Operating Instructions for the Sony Vaio

LOGGING INTO THE SONY VAIO

1. Power on the system
2. At the Windows login screen, type the following for the user name:

   User name: **libpatron**
   Password:

3. The **libpatron** account has no password.

CONNECTING TO THE NETWORK WHILE ON CAMPUS

A network cable has been included so that the laptop can be connected to the Ringling network, if the system will be used on campus. The network connector is located on the left-hand side at the back of the machine; you will need to open the hinged panel to access the network and modem connections. Plug in the included network cable and power up the system. After logging in as **libpatron**, you should see the network connection icon 🌐 in the System Tray (located in the bottom right-hand corner of the display).
